

# MARCH MUSICAL MAYHEM FOR MEGHAN

*Join us for a fun-filled evening of music, comedy and magic, appetizers and drinks, in support of a worthy cause.*

**CAUSE:** In October 2018, Meghan was diagnosed with Mediastinal B- cell Lymphoma: an aggressive, malignant form of cancer.

Meghan Miller is a young 34 year old, feisty woman, who lives in New York City where she has pursued a creative career as an actor, writer, dancer, filmmaker and director. The good news is that we have been told it is treatable.

The bad news is that they don't have health care there like we do in Canada. To make matters worse, the cost of living in NYC is notoriously high. And while she is undergoing treatment, she can't work; nor will she be able to work for several more months after the therapy is done. Yet the bills keep coming.

Help us help her. Show your support. Join us for this fun-filled evening in honour of Meghan. *Bring your wallets/cheque books and get ready to bid on fabulous door prizes, raffles, etc. Together we can help her fight the battle of her life!*
